## **Small Business Loans Available**

Little Kanawha Resource Conservation & Development (RC&D) is now offering low interest rate loans to small businesses associated with Natural Resources. If you currently own or are considering starting a small, natural resource based business and need additional finances you may want to consider this program.

Little Kanawha RC&D is a local non-profit serving nine counties. If your business is in one of the following counties, Calhoun, Pleasants, Jackson, Roane, Ritchie, Tyler, Wirt, Wetzel, or Wood, you may be eligible for loan assistance.

Loans are fixed interest and usually are for three to five-year periods. Interest rates are usually 3% below typical business rates.

An example of a natural resource based business might be secondary wood products, recycling, or food processing. If you think your business might qualify for a loan, please contact Norm Bailey at (304) 679-3639.

Funds for this program were made available through USDA-Rural Development.
